

Topic Card 4

Directions:

Please read the passage aloud starting from the title.

Environmentally Friendly Buildings

Today, various measures are being taken all over the world to combat global warming. One measure is creating green buildings. Environmentally friendly buildings reduce the use of energy, which have less impact on the environment. More and more homes, offices and schools have been designed in this way. In addition, some people are making existing buildings green by installing solar panels on the roofs.

Please look at the pictures below. Then, please answer the questions based on the pictures.
