### Directions:

Please read the passage aloud starting from the title.

### Food Supply

Now, the food supply in Japan is large enough to meet the needs of the people. But, many people have realized that this supply is greatly dependent on other countries and that the situation may change. As a consequence, they pay more attention to their own food consumption habits. For instance, some people try to eat more local food and put more effort to waste less food.

Please look at the pictures below. Then, please answer the questions based on the pictures.
