Let's Talk

1. Do you think our personality is affected by our experiences?
In what ways?
2. Did you ever meet someone you couldn't stand? What
bothered you about him/her?
3. Describe the characteristics of your best friends. How similar
are they to you?
4. Describe your personality. Do you think others see you as you
see yourself?
5. Do you think opposite personality attracts or repel?

6. How has your personality changed since you were in high school?
7. If you could change one aspect of your personality, what would you change?
8. What personality traits do you think are most important for a friend to have? A spouse? A boss? A teacher?
9. Have you ever heard the expression "You can't judge the book by its cover"? What does it mean?
10. Do you think some personality traits are more "famine" than others? Like what?
